

Set

- Unique
- Unordered
- Mutable

operations on set

```
In [ ]: a = {1,2,3}
        b = {3,4,5}

        print(a)
        print(b)
```

```
In [ ]: # a union b

        print(a|b)
```

```
In [ ]: # a intersection b

        print(a&b)
```

```
In [ ]: # difference

        print(a-b)
        print(b-a)
```

```
In [ ]: # symmetric difference

        print(a^b)
```
